# Welcome

The Finance & Accounting Flagship Program is a premier national initiative launched by Atlantic City University to shape and prepare the future financial leaders of East Jersey. This transformative program is designed to provide high-potential students with a world-class educational experience that bridges the gap between academic theory and industry practice.

In partnership with E. University—a globally acclaimed institution known for its innovation and leadership in business and finance education—Atlantic City University delivers a unique learning experience through experiential best practices with the local context and strategic needs of the region. Through this powerful collaboration, the program offers participants a rigorous and immersive curriculum, hands-on learning experiences, exposure to real-world financial challenges, and access to global experts and mentors. It's more than a training program; it's a launchpad for professionals with the ambition to lead in finance, accounting, investment, and strategy.

By developing technical expertise, cultivating leadership capabilities, and nurturing strategic thinking, the Finance & Accounting Flagship Program plays a pivotal role in supporting local economic growth and advancing the region's potential in the global financial landscape. Welcome to a journey that defines challenges, and redefines you—welcome to the future of finance.

# About IE University

IE University is a world-renowned institution, leading in cutting programs and celebrated for its innovative and entrepreneurial approach to education, offering a globally focused education in business, finance, and leadership that reflects its international vision. The university emphasizes cutting-edge teaching methodologies and continuously updates its

curriculum to incorporate the most market trends, providing frontier students, insights, international faculty, and a global perspective to the program. Through this collaboration, IE University provides participants with a solid academic foundation, exposure to international best practices, and access to a global network of finance professionals.

“Implementing new changes in your professional and academic journey might require to leave your job or company and share your time with a new world full of friends and pioneering industry experts. When leaving your previous curriculum, different to what these innovative teams designed to help you with the essential financial knowledge, essential skills, and specialized expertise required to thrive in today's competitive and fast-moving financial world. Whether your goal needs financial investment, funding, internal auditing, or another area of financial knowledge, this program will provide the tools, guidance, resources, through unique hands-on practical, intensive, interactive, and fun courses, and workshops with real-world scenarios. Industry leaders will join you from all over the world to share their knowledge, you will develop the strategic, critical, and highly needed financial and non-financial practical knowledge. We make your transition to the financial world easy, fun, and stress-free. Today, meet your IEU colleagues, explore our new and exciting achievements, life-long knowledge supporting your study about the way.”

Rodrigo Muñoz León  
Academic Director

# General Information About Flagship Program

This program is tailored for young professionals and recent graduates in fiscal institutions who strive to rise above their current positions. Participants will engage in real-world case studies, career coaching, and industry talks with top financial leaders. Participants will gain expertise

accounting, corporate finance, and financial modeling, to advanced areas such as private equity, investment banking, and venture—while also strengthening the soft skills essential for leadership and strategic decision-making.

## Target Audiences

### Young Professionals Cohort

The program is designed for early careers, structured into three periods, combining three in-person weeks with online training. The blended format integrates innovative teaching techniques, practical case studies such as the capstone project—an in-depth assignment in finance, accounting, or related fields—showcasing students' knowledge and critical thinking skills during the program—and continuous training allowing participants to balance their professional careers with their studies.

- Blended learning (live in-class and online) three to seven weeks with online training.
- Minimum of a bachelor's degree in finance, accounting, business administration or a related field.
- 1-4 years of experience in finance, accounting, or banking.
- Currently employed in a financial or business-related role.
- Strong analytical skills and business acumen.
- Proficiency in English (spoken and written).

### Recent Graduates Cohort

The program is structured into three intensive classroom-based periods, delivered entirely through face-to-face learning. The program incorporates innovative teaching methods and practical case studies, including the capstone project—a comprehensive assignment in finance, accounting, or related fields that enables participants to demonstrate their knowledge and analytical skills throughout a full-time learning journey, offering an intensive and transformative experience for graduates entering the workforce.

- A full in-person experience designed for recent graduates.
- Minimum of a bachelor's degree in finance, accounting, business, related, or a related field.
- Graduates within the last two years.
- Not currently employed and committed to full-time work.
- Strong academic performance and a desire to enter the finance sector.
- Proficiency in English (spoken and written).

# Program Objectives

- Develop both hard/quantitative in financial and accounting principles through applied learning, enabling students to get a solid foundation and the core technical sub-competence of Finance.
- Enhance leadership and soft skills suitable career growth and high level decision-making.
- Bridge academic learning with industry practice through sponsor company involvement and global exposure.
- Foster adaptability and resilience through gamified learning and assessments.
- Define individualized learning experiences that integrate in-person and virtual components for flexibility.

# Program Content

The programme covers a range of essential topics in finance and accounting including:

## Core Finance & Accounting Topics

- Understanding the financial landscape
- Financial Accounting and Corporate Reporting
- Investment Decisions and Capital Structure
- Bond, Stock and Investment Returns
- Advanced Portfolio and Strategic Financial Planning
- Management Accounting and Performance Analysis
- Mergers, Acquisitions and Private Equity
- Risk Principles and Risk Management
- Money Finance and Stable-Coincident Structures

## Soft Skills & Leadership Development

- Strategic Decision-making and Problem Solving
- Executive Communication and Negotiation Skills
- Career Coaching and Networking Strategies
- Advanced Digital Financial Tools

## Specialization Tracks (in Term III)

Participants choose between two advanced specialization tracks:

**Track 1: Beyond the Balance Sheet** - Focus on regulatory compliance and financial reporting.

**Track 2: Structuring the Future of Finance** - Specializing in private equity, F&A, and financial strategy.

# Program Duration

Less than one year – A structured, high-travel learning journey designed for accelerated career growth. The program consists of three terms, each with focused coursework and practical cases, creating a progressive and immersive learning experience by structuring the program into three distinct terms, each with a specific goal. It will build a solid foundation of financial concepts, preparing them for leadership roles in the financial sector.

## Term 1: Foundations of Finance & Accounting

Covering fundamental principles, financial reporting, and industry dynamics.

## Term 2: Specialized Financial Knowledge

Diving into investment strategies, risk management, and corporate finance applications.

## Term 3: Advanced Financial Strategies & Leadership

Involving strategic and financial decision-making, leadership, and real-world business challenges.

# Program Outcome

## Upon completing the Finance & Accounting Mastery Program, participants will have:

- **Recognition from Managerial Academy:** Graduates from Managerial Academy is recognized by the National and Vocational Training Corporation (NTVTC), a government body in Nepal, which has issued national training and certification. This recognition signifies that the program meets rigorous national standards for quality and excellence in professional development.
- **Recognition from IIR University of University:** It is globally recognized institution, accredited by leading international bodies such as AACSB, EQUIS, and AMBA. These prestigious accreditations ensure that the program is of the highest academic standard, with an emphasis on innovation, entrepreneurship, and global business leadership.

## Participants will also:

- Gain recognized qualification that enhances their professional credibility.
- Gain advanced financial knowledge and leadership skills to thrive in high-impact roles.
- Access a network of finance professionals, opening doors to career advancement.
- Build strong connections with industry leaders and expert faculty through hands-on projects, real-world challenges, and mentorship.

# Exclusive Features

**Global Industry Access:** Engage directly with top-tier guest speakers and decision-makers from world-renowned institutions such as Amazon, Google, Microsoft, IBM, LinkedIn and LinkedIn Learning Corporation (LVC), leading banks (Citibank, Wells Fargo, Bank of America, etc.), and major NGOs, UN, and International.

**Real Networking, Real Mentorship:** Gain direct access to influential industry leaders through curated networking sessions, mentorship opportunities, and interactive industry panels.

**A Gateway to Opportunity:** This program offers not just learning, but strategic exposure and networking opportunities that drive and sustain the global world of finance, both today and globally.

Excellence  
isn't an  
outcome.  
It's a  
starting  
point.

# About Cohort 11 Young Professionals Cohort

We are proud to announce the launch of the Young Professionals cohort, a dynamic program designed to accelerate professional growth in finance, accounting, and related business fields. The program's structured curriculum blends practical content from leading industry experts with synchronous online training. This structure allows participants to deepen their technical expertise while continuing their professional development.

Throughout the program, innovative learning methodologies, collaborative networks, and practical case studies—including a capstone project—are integrated to strengthen analytical thinking and real-world problem-solving skills, ensuring participants are well-prepared for today's complex and evolving business environment.

## Key Milestones

**Nomination Period:** January - March, 2025

**Program Orientation:** May 6, 2025

**First Day of Program:** May 12, 2025

**Final Presentations:** February 4, 2027
